Annexation Of Subdivision Is Asked Of City

100 Petitioners Live South Of Jeffery St.; Council Considers

A petition seeking to have the 50-acre subdivision annexed to the city was presented at the city council meeting Monday night.

The petition bore the names of more than 100 persons residing in the area south of Jeffery street. The matter was referred to the Fourth ward aldermen, the judiciary and ordinance committees for investigation.

After debating briskly for a few minutes on the proposal to buy a water pump and spreader costing \$220 for use on the streets this winter, the aldermen voted 8 to 6 to approve the purchase recommended by Alderman James Lamb, Second ward, chairman of the purchasing committee.

Some Oppose It
Opponents of the expenditure claimed the city could not afford to buy more street equipment at present with payments still being made on a caterpillar tractor and loader and also questioned the ability of the machine to do the job if the chadders are not kept in a good condition.

Proponents, however, argued that the machine is equipped with rollers to keep the chadders broken up and that it will enable street sweepers to service key intersections quickly and help avoid accidents. Approving the purchase, in addition to Lamb, were Aldermen Herman Haskett, Edmund LaPorte, Edward Nelson, Alvin Winkel, Jack Costello, Edwin DuCharme and Earl Beasly. Those voting "no" were Fred Malmgren, Edmond Porter, Huntington James, Leo Gawronski, Wilfred LeBeau and Clarence Sanborn.

On motion of Alderman Lamb, the council voted to exercise its 90-day option to buy 200 feet of additional fire hose at former prices. The hose will cost 20 per cent less than present day prices.

Pay Doctors \$1,050
Also approved was a settlement of the claim of the Kankakee Medical society for \$900 for services rendered by doctors called on police cases during the past six years. The claim was not previously allowed because no bill had been submitted during that period.

Jennie Bowden And Julia Schultz Ask Divorce Decrees

Suits for divorce were filed today in the office of Albert Tetrault, clerk of the circuit court, by Mrs. Jennie Bowden and Mrs. Julia Schultz, both of Kankakee.

The complaint of Mrs. Schultz, filed by Attorney T. R. Johnston, asks dissolution of a marriage which occurred in Chebanse on Feb. 14, 1939 and lasted until Nov. 11, 1931. She charges Charles Schultz with desertion.

The couple's seven children are all adults, says the complaint.

Mrs. Bowden, represented by Attorney Vernon G. Butz, charges James Bowden with habitual drunkenness.

She asks custody of sons James and Jerry, 2, maintenance and an injunction to restrain her husband from molesting her or the children.

The couple was married in Monticello, Ind., Jan. 14, 1936 and lived together until last Sunday.

County 4-H Club Achievement Day At Armory On Friday

Kankakee county's 4-H club members—355 in agricultural clubs and 278 in home economics work—club leaders and members' parents will participate in the annual achievement day program Friday afternoon at 1 o'clock in the Kankakee armory.

To members will be presented achievement certificates and to some will go achievement pins. In agricultural clubs, special state honors and gold medals will be presented to William Joyce, LeRoy Riecke, Narcissa Kane, Esther Walter, Wilman Davis and Marian Healy.

A total of \$700 will be distributed in prizes to members of agricultural clubs, the money having been advanced by the Kankakee Service company until repaid by the state.

Awards to Leaders
To leaders of agricultural clubs who have completed the year's work awards will be presented by Edward P. Schwark, Farm bureau 4-H club chairman, and to home eco-

The Rev. P. A. Lang, pastor of the Bonfield Evangelical church the past seven years, announced the program today for 90th anniversary services at this church next week.

Thanksgiving Feast Will Be More Expensive

Food Price Statistics Over The Country Indicate Such A Fact

By FRANKLIN MULLIN
Chicago, Nov. 18.—(AP)—The traditional Thanksgiving feast of deep significance this year, will cost Americans more than at any festive time in the past decade, food price statistics indicated today.

Measured in the cost of the various food items, market experts estimated probably 10 per cent more cash must be laid on the counter to get the same basketful which, a year ago, came at a bargain.

All Items Affected
There's hardly an item that's not more expensive, except possibly a few vegetables and "trimmings." Cranberries are priced about the same as a year ago in the Chicago wholesale market. Some poultry are only slightly higher, particularly ducks and geese which, wholesale, are up 6 to 7 per cent. Turkeys are up about 20 per cent. Some spices are sharply higher and relatively scarce.

Trade analysis indicated that in general retail prices have lagged behind the advance in wholesale markets. In instances, while some foods are costing dealers more than a year ago, figures posted at counters, are little, if any higher.

Invite Seniors To Forum Sessions

At the next event of the Kiwanis club's community forum the evening of Nov. 23 in the Kankakee high school auditorium, members of the school's senior class will be invited to use any unoccupied seats.

This was decided at yesterday's Kiwanis meeting. A similar invitation is extended other schools of the community during the remainder of the forum season.

Carverth Wells, world traveler and explorer, who has just returned from a picture-taking trip to the Orient, will be the speaker at the next forum meeting. His subject is "North of Singapore."

The Rev. Morgan Williams, pastor of the Trinity Methodist church and president of the Ministerial association, will deliver the sermon on the subject: "Practical Thanksgiving."

The Rev. Morgan Williams, pastor of the First Methodist church and vice president, will offer the prayer of Thanksgiving. The Rev. Louis W. Chamberlain, Central Christian church, will read the Thanksgiving scripture lesson.

The service will be in charge of the pastor of the church, the Rev. Dore N. Ester. Music will be furnished by the choir of the First Evangelical church. The annual Thanksgiving offering will be devoted to the Chinese relief and food fund. The public is invited.

Specialist Talks
Also included on the program is an address by Harold L. Jepson, specialist in club work for the state university, who will be in charge of folk games. Mrs. W. R. Hickox will sing.

Agricultural club leaders are Elton Sargeant, Cabery; Edwin A. Allen, Chebanse; John Rosenbrock, Grant Park; A. D. Christensen, Herscher; Lulu Williams, Hopkins Park; Dauntless Gruber, Kankakee; Ernest Kukuck, Limestone; M. R. Helen Kane, Kankakee; G. N. Curl, Manteno; Charles Buck, Mokena; and Fred M. Davis, St. Anne.

Little Church Near Bonfield 90 Years Old

Week Of Services To Start Sunday At Evangelical Church

In observance of the 90th anniversary of the founding of the Bonfield Evangelical church, a week of special services will be held Nov. 23-30, it was announced today by the Rev. Paul A. Lang, pastor.

A series of evening meetings will begin at 7:30 o'clock next Sunday evening when Dr. W. E. Grote, Peoria district superintendent, will speak on Tuesday evening. Women's council night, the Rev. M. Gronewald will preach, while on Wednesday night, designated as Young People's night, the Rev. M. W. Lang will be the preacher.

On Thursday, Sunday school night, the Rev. William Beuscher, will deliver the sermon while on Friday, Community night will be observed with a 6 p. m. banquet. Pastors of the Zion-Reddick, Dwight-Salem and the Bonfield Methodist churches, will bring greetings and the sermon will be by the Rev. E. G. Vaubel.

Big Day Sunday
On anniversary Sunday, Nov. 30, Dr. H. R. Heininger, president of the Evangelical Theological seminary at Naperville, will preach. Following a picnic dinner at noon, the closing service will also be led by Dr. Heininger.

The Evangelical faith in the Bonfield community had its nucleus in the five families who came here from Pennsylvania in July of 1847—John, David and Jacob Hertz, Abraham Orwig and Peter Schreffler. They were pious people and strove earnestly to serve God as they had done in their former home.

These, together with a number of other families, developed the congregation known originally as Salina and later as Bonfield. A death in the Brandt family caused them to call a minister from the northern part of the state to conduct the funeral. This minister became instrumental in having a pastor sent here to serve the frontier families.

Charter Members
In 1851, Salina became a regular preaching appointment as part of

Recapture 2 Local Army Deserters

Two Kankakeans who enlisted in the regular army nearly two years ago and "went over the hill" six months later were arrested in Indiana yesterday by Sgt. Fred Etchill, military police officer, for desertion.

They are Dolor Monette, 23, and his brother Edward, 21, of 347 South Seventh street, who had changed his last name to "Monce" and was working on a farm near Lowell, Ind., while his brother was located on another farm three miles north of Crown Point.

Both admitted deserting their posts with Battery B, 6th field artillery at Ft. Lewis, Wash., on July 4, 1940. They were removed under guard to Chanute field for court martial.

Manteno Farm Hand Missing 2 Weeks

The disappearance of Arthur Peno, 44, farm hand, was reported this morning to Sheriff Dan Bergan. Peno, employed on the Ben Blanchette farm near Manteno, left there two weeks ago and has not been heard of since, although he left some of his effects at the Blanchette place.

Kankakeean's Wife Takes Poison

A Chicago mother of two children, whose father lives in Kankakee, was reported in a serious condition in the Cook county hospital today, after taking poison.

Press dispatches from Chicago said the woman is Mrs. Cecelia LeVasseur, 28, who was found on the floor of her bedroom last night by her brother-in-law Glen O'Dell, in whose home she lives at 1039 Dickens street.

On the back of papers giving her a divorce decree she had written: "Buy some toys for the children. I hope Harley is happy."

Chicago sources said her former husband, Harley LeVasseur, lives in Kankakee and has custody of the children, Harlette, 6, and Louis, 4. The couple were divorced in June, 1940.

Disorders Break Out In Captive Mine Areas

Demands On Capitol Hill For Anti-Strike Legislation

BULLETIN
Detroit, Mich., Nov. 18.—(AP)—President Roosevelt called upon the C. I. O. today to cooperate in the production of arms "without delay and without interruption."

In a message to the C. I. O.'s national convention, the chief executive said: "We need guns, tanks, planes and ships and we must produce guns, tanks, planes and ships without delay and without interruption, and the American people and their government are determined that we shall have them."

Washington, Nov. 18.—(AP)—Disorders, including the shooting of two men, broke out at strike-affected captive coal mines in West Virginia and Pennsylvania today as President Roosevelt was reported ready to exert the full powers of the government to get production resumed.

The United Mine Workers called out its membership in the captive mines, owned by steel companies which use the coal, yesterday. About 53,000 miners in Pennsylvania, West Virginia, Kentucky, Alabama, Tennessee and Illinois work in captive mines, and the U. M. W. claim 95 per cent are members.

President Roosevelt has said the coal must be mined to keep the vital steel mills in operation on armaments. There have been insistent demands on Capitol Hill for anti-strike legislation and persons closely in touch with the President said today he was convinced now

34 Draftees From County Leave Here Today

Thirty-four Kankakee county youths took their places in an Illinois Central car early this morning for a trip to Chicago and report to the selective service induction station. Herbert Ernest Sinn, 157 South Chicago avenue, was leader of No. 1 board's 21 prospective inductees, while in a similar position with No. 2 board's 13 prospects was Howard Lesch, 555 North Entrance avenue.

Dedicate 50-Foot Flag Pole Given Washington School

A 50-foot flag pole made possible by donations will be dedicated at the Washington school Wednesday afternoon at 1:30 o'clock.

Irving Munson, city superintendent, will accept the standard for the school and express appreciation for the contributions of the school's Parent-Teacher association, Victor McBroom, the board of education, James Hagearty of the Bradley Manufacturing company, Harry Shrey of the Public Service company, the West Kankakee Ornamental Iron works, Armand LeBeau, Stanley Leak, Frank Salzinger and John Young of the Kankakee state hospital.

Mrs. George Taylor, representing the Spanish War veterans and auxiliary, will present a flag for the standard and flags for the school rooms will be presented by Mrs. Delavergne, representing Daughters of Civil War Veterans.

The junior school band directed by George Piersol will play and taps will be sounded by Albert Tetrault.

Eggs Big Part Of Increased Farm Income

Kankakee county hens are doing their part to assist the national farm income to the highest level in 12 years. Estimates indicate that the farmers' gross income in 1941 will exceed \$1 billion dollars for the first time since 1929, up two billion over 1940.

Coupling heavy production with a favorable market condition means that income from eggs alone should exceed \$600,000,000. The nation's hens are expected to produce 40 billion eggs this year, on the basis of production figures to date assembled at the Chicago Mercantile Exchange.

Heavy defense buying and sales promotion activities were prime reasons for the higher price structure. Chain stores which last year purchased 35 per cent of the eggs produced in Illinois, report consumption holding rather well, added by higher national income and mass distribution methods which reduce the spread between producer and consumer prices.

The favorable price situation is illustrated by the fact that in the flush production period this year it took only 6.37 dozen eggs to buy 100 pounds of poultry ration, compared with 8.27 in the same period last year.

The equivalent of nearly 120,000,000 dozen eggs in shell, frozen and powdered form, has been purchased since the lend-lease bill was passed.

Quality campaigns, resulting in a better grade of eggs in Illinois brought about increased purchasing by the mass distributors. One chain reported it bought \$700,000 dozen Illinois eggs in 1940.

Production in the state is expected to exceed 100,000,000 dozen eggs, with Kankakee county contributing more than 1,200,000 dozen of this total.

Maternity Ward At St. Mary's Reopens

The enlarged and remodelled maternity ward and nursery at St. Mary hospital were reopened today after having been closed to the public since Oct. 27.

All equipment is new and new nurses are employed therein. The nursery has been moved to a different part of the building.

Hereafter, no children under 14 years of age will be admitted as visitors to the maternity ward at any time. A complete new system of controlling visitors has been established and no one will be admitted to see any patient without a visitor's card.

In the maternity ward, each father will be presented with a white visitor's card. Other visitors' cards in this ward will be red in color and no mother will be allowed to have more than two visitors a day.

Visitors in other departments of the hospital will be limited to two at a time. Visiting cards in the surgical department will be green in color, those in the medical department blue and in the children's wards yellow.

Visiting hours will be from 2 to 3:30 in the afternoon and from 6:30 to 8 in the evening each day. Morning visiting is abolished.

Blasting Fails To Bring Up Body

William Coleman, 432 North East avenue, dynamite expert today blasted the Kankakee river near the South Shore golf course west of Commerce with several 10-stick shots, set off electrically.

He was doing so in an effort to recover the body of Edward Kubisty, 22, Dixmore, believed drowned near the Buckman resort Wednesday night.

The first shots fired by Coleman, employed by J. C. Ford P. Madison at the request of the Kubisty family, threw water 50 feet in the air and heavy rocks for a considerable distance, but failed to bring the body to the surface. No fish were killed.

Four days of dragging by deputies of Sheriff Dan Bergan and boatmen hired by Coroner Madison failed to produce the body.

Warns Of 2 Men Who Molest Children

A warning to Kankakee county school teachers and officials that two men are wanted in Ford and Livingston counties for molesting children was issued today by Ruel E. Hall, county schools superintendent.

The warning says that a man 35 years of age, five feet six inches in height, 150 pounds in weight, gray hair, brown hair, work clothing and hat, driving a 1940 Ford car without license number, is wanted in Ford county for attacking a school child.

A man believed working in Livingston county selling correspondence courses for school teachers is wanted for contributing to the delinquency of a minor. He is 45 to 48 years old, five feet seven or eight inches in height, 140 to 145 pounds in weight, one bad eye, bald in front, well dressed except for a slouch hat.

City Council Seeks Remedy For Financing

No Provisions For Funds To Pay Police And Firemen Wages

A committee of city officials went to Springfield today to get an opinion on referendum procedure under the fire protection tax act to enable payment of the minimum wages as set up by the state for firemen and policemen.

Adoption of the act would add a two mill tax to the general city levy. Whether the city can order a special referendum on the proposal or whether it must wait until the next general election is one of the questions Mayor Albert F. Hattenburg seeks to have answered by the attorney general.

The proposed two mill tax is considered by the mayor and other officials as the most feasible means of financing the increased wages which the state has ordered paid in cities the size of Kankakee. The minimum is \$150 a month, but patrolmen and fire fighters here draw only \$120 a month.

No Future Provision

The recent local issue of funding bonds provided for payment of back wages over a four-year period, 1937-41, but no provision has yet been made for future increases.

Since the supreme court already has ruled on the validity of the minimum wage law and since the city, like all others, is unable to meet the added expenditures that such a raise necessitates, some new financing plan must be found.

Adoption of the small two mill tax would provide ample revenue. If the people vote against adoption of the act, however, the only alternative

G-Man Tells Kiwanians Of Spy Activities In The Nation

Russia may now profess to be a defender of democracy, but still the Federal Bureau of Investigation considers Communists a menace to this country.

In fact, said an FBI special agent here yesterday, since Russia is at war the activities of Communists in the United States have increased.

Special Agent S. C. Cotton from the Peoria office of J. Edgar Hoover's told Kiwanians in their regular meeting yesterday at McBroome's cafe that "the Communist is committed to world revolution and will go to any lengths to accomplish that."

He asked the cooperation of every citizen to report any suspicious activity to the authorities, so that this information can be correlated with other bits of information and thus this might be the means of capturing a spy ring.

Army And Navy Ready For Any Eventuality

Declare Outcome Of Conversations In America "Is Unpredictable"

Tokyo, Nov. 18.—(AP)—Foreign Minister Shigenori Togo told parliament today that Saburo Kurosu, Japan's special envoy to Washington, "received no new instructions" but indicated that the outcome of his mission would determine Japan's interpretation of her obligations under her axis alliance.

Premier General Hideki Tojo and Navy Minister Shigetaro Shimada declared to the same session that Japan's army and navy were fully ready for any eventuality, but these statements replied to questions concerning relations with Russia rather than the United States.

The foreign minister, replying to a questioner, said the outcome of the talks which Kurosu began in Washington yesterday with President Roosevelt and Secretary Hull "is unpredictable."

"It is still too early," he went on, "to state what effect the outcome will have on the third clause of the tripartite pact—the clause which obligates each signatory to lend aid, including military, to its allies if they are 'attacked' by a power not yet involved in the European or China wars."

The foreign minister said Kurosu had been sent to Washington only for the purpose of assisting Ambassador Admiral Kichisaburo Nomura and carried no new instructions. He indicated that Japan's fundamental position had not changed since the opening of the current Washington talks several months ago.

The ministerial declarations followed a meeting of the cabinet in the cabinet in the parliament building which the newspaper Asahi said was highly important and concerned the Kurosu mission. Presumably the ministers considered Kurosu's reports of his first meetings yesterday with President Roosevelt and Hull.

There were many indications that the attention of both the cabinet and the legislature was focused on Washington as much as the extraordinary diet session here, now in its fourth day.

A charge that "the United States actually is the backbone of the ABCD encirclement of Japan," was made by Major Kametaro Tomioka of the army press section, a witness in a budget committee meeting of the lower house. He referred to military measures taken by America, Britain, China and Dutch East Indies, which Premier Tojo said

Walter Bratton Residence Burns

The ten room two-story farm dwelling of Supervisor Walter Bratton of Limestone township was completely destroyed by fire this afternoon. The loss is estimated at \$10,000, part of which is covered by insurance. Furnishings were saved.

The fire, of unknown origin, was first discovered shortly before noon by Mrs. Lily Harns, employed at the place. She was working in the basement and smelled smoke. The fire started on the second floor toward the rear of the building.

Two trucks of the Kankakee fire department were sent to the scene but firemen were handicapped by lack of water and a strong wind which banned the flames beyond control.

Business Turns Old Fashioned; Reason: Taxes

Many Small Firms Are
Dropping Their Corporate Charters

By PAUL GESNER AND
JOHN BECKLEY

New York, Nov. 18.—(The Special News Service)—Business is going old-fashioned.

Many small firms are dropping their modern corporate charters and are returning to the old forms of sole proprietorships or partnerships. The reason: Taxes.

Congress and state legislatures have always been more disposed to lay heavy taxes on corporations, the bloodless creation of modern business, than on men doing business as individuals. Today they have made the tax burden of corporations so much heavier than on partnerships and sole proprietorships that many companies are going back to the old forms.

Tax experts say it is the beginning of a trend which will continue during the coming year. Many little corporations have ahead of them an unpleasant rendezvous with the tax collector which may make them wonder whether a corporate charter is worth the price.

Few of the Taxes
Here are a few of the taxes which corporations face but individuals avoid:

Two excess profits taxes.
Taxes on unreasonable accumulation of earnings.
Holding company taxes.
Capital stock taxes.
State franchise taxes.

Unincorporated businesses pay none of these taxes. Their profits are considered as part of the personal income of the owners and are subject to personal income taxes. These taxes are stiff but often are less than corporate taxes would be. Earnings of a corporation, moreover, are subject to double taxation. First they are taxed as corporate income. Then they are taxed as personal income when they are distributed to stockholders. The popularity of the corporate form of organization for small businesses arose primarily because of the limited liability of stockholders. Under the corporate form, a stockholder is liable in the event of failure only to the extent that he has already bought stock in the company.

In the case of a sole proprietorship or partnership, however, the entire personal fortunes of the owners may be attached for debts of the business.

Fists Swung In
Brief Struggle
At Mine Entrance
Pittsburgh, Nov. 8.—(AP)—Strikers and non-strikers swung fists today in a brief and bloodless scuffle at the entrance to a U. S. steel mine in Fayette county, the first disorder in the Pennsylvania fields in the two-day old "captive" mine strike.

State motor police reported the fighting broke out when 50 non-strikers started through a picket line of 100 United Mine Workers unionists at the H. C. Frick Coke company's Red Lion mine, 15 miles north of Uniontown. Frick is a subsidiary of U. S. Steel.

Earlier, police said, the pickets had halted automobiles bearing non-strikers and threatened to overturn them. Blows were exchanged and shirts were torn, but no one was hurt and there were no arrests. The U. S. M. W. striking for a union shop in the "captive" mines, threw a picket line around the Red Lion pit after the company reported about 200 of a day crew of 700 had gone to work yesterday.

Elsewhere in Fayette county, heart of the captive mine field in Pennsylvania, there was no disorder although state motor police said pickets at Frick's Ronco mine had halted automobiles loaded with non-strikers. They said about 31 of a crew of 320 went to work there.

At Johnstown, in Cambria county, city police reported 200 men walked through a line of 100 pickets and entered the Rosedale mine of the Bethlehem Steel company.

Meanwhile, U. M. W. leaders reported unionists in northern Cambria county had launched a "sympathy strike" movement which threatened to spread the "captive" mine walkout to commercial pits.

FAITH in the Future!

Although we live in a streamlined age devoid of the simpleness of Puritan life, we still possess much the same fear and faith in the future as the Puritan had. While the Puritan overcame his fear by trusting to God and his flintlock, people today need not depend on powder and shot. Instead, they look to their bank to insure their safety, and to guarantee their future security.
